

WORKPLACE GIVING GUIDE FOR EMPLOYERS

EON Foundation

WHAT IS WORKPLACE GIVING?

Workplace Giving is a program that enables your employees to make a small donation to charity each month directly from pre-tax dollars via company payroll.

IT'S POWERFUL . . .

The impact is substantial. For example, a monthly donation of \$20 will only cost the employee \$12.60 (depending on their personal ATO tax bracket) but **EON receives the full \$20**.

Employers will often match staff donations, so the value of an employee's donation **doubles to \$40** per month.

That's almost \$500 per year. So imagine if 50 people in your organisation were doing the same. That's \$24,000 per year. . . and what we call **making a difference!**

HOW YOUR ORGANISATION BENEFITS

Workplace Giving is a proven tool for building a more engaged, inclusive and motivated workforce, contributing to overall business performance.

And it's an effective way for organisations to demonstrate commitment to the community and build a reputation as a socially responsible business.

MAKING IT EASY . . .

Inviting new staff to join Workplace Giving in their employment contract is a great start, and for those who are already onboard we can help with providing presentations and resources.

Whether your organisation is new to Workplace Giving or has an existing program, it's easy to integrate EON into your payroll system and for your staff to get involved straight away.

We will keep the organisation and its employees informed of the impact of their donations through newsletters and social media.

SO WHERE WILL THE DONATIONS GO ?

EON Foundation delivers a nutrition-focused, healthy lifestyle and disease prevention program - the EON Thriving Communities Program. We build edible gardens in remote Aboriginal schools and communities for a secure supply of fresh fruit and vegetables, and partner with them to deliver a hands-on gardening, nutrition education and cooking program. We provide training and local employment opportunities to build long-term, healthy lifestyle change in community.

Demand for our program continues to grow. By participating in a Workplace Giving program with EON your organisation will help fund the Program in new communities on our waiting list.

HELP US GROW HEALTHIER COMMUNITIES
